Top 10 Reasons Why I Love Being RCC-A

10. Louie – Louie is the basis for so many things that I love about SAACURH. The initial one is that Louie Leads Our Universities in Excellence and I must say that SAACURH keeps that at the forefront of everything we do. I also love getting together with the SEC so we can dress up our Louies!

9. Ideas for NACURH – Let’s talk about how excited I am for NACURH 2011. Not just for the clothespins, socials, and boardroom, but mostly for the chance to show off some SAACURH spirit. I am pumped for our roll call, new cheers, fierce t-shirts and other awesome spirit items! I am so pumped to work with the Spirit Committee and get all of this off the ground. I want everyone to know how spirited, classy, positive, and FIERCE this region is!

ON THE PROWL!

As always, if there is something you would like to see in next month’s issue of the PRIDE, please send all pictures, articles, ideas, top 10 lists, shout-outs and anything else you can think of to sa_rcca@nacurh.org.

8. Website – The SAACURH website was something I was a little nervous about when I started this position. Mostly because I have no idea how to do anything with designing or updating a website (unless it's Facebook). I was also worried because the person who designed the new website was leaving and I was going to get a new Webmaster. Although I was a little uncertain at first, it has definitely been a great experience learning the ins and outs of the website. It has also been great working with the new Webmaster, Lisa Maxwell, because she is always ready to start updating the website. I really appreciate all of her hard work and I can't wait for our future projects!

7. Spirit Committee – I would have to say having your own committee is a little scarier than it seems. The responsibility of leading a group of people who took the time to apply to the committee and then working with them throughout the year using online meetings. Well I must say that I have thoroughly enjoyed meeting with all of the Spirit committee members this year and I am pumped when we can step up our game next semester and start planning for NACURH 2011!

6. Minutes – Initially I was really nervous about taking minutes for boardroom because I had never done official minutes with Robert's Rules and all of that good stuff. Plus I know how intense boardroom can be sometimes and I wanted to make sure I was able to get everything in case some drama went down, but thanks to the IACURH Director, Jessica Behl, I was able to get a good system down for taking minutes and I actually enjoyed it a lot!

5. Swag – Earlier this semester I worked with the SEC to get swag and apparel and I had so much fun. I loved getting to work with Angela Powell from OCM and ironing out the details of what kind of designs we want. I'm super stoked about getting awesome swag and apparel for NACURH 2011 so our regional PRIDE can shine brighter than ever!

4. Conferences – I have loved conferences since my first conference in 2008 (No Frills). I love the spirit, the energy, and the best friends a girl could ask for. The moment one conference ends I immediately start planning for the next one. I love spending time with everyone, catching up and sharing what has been going on at our campuses. I also love the business side, being in boardroom and making change happen for future SAACURH members!

3. SEC – Being on the SEC is like being part of a huge family. Although there is a lot of work to do at times, we work together and support each other to get it done. I love hanging out with them being silly, staying up late laughing and eating anything in sight, but I also love working and getting business done because we all have something to contribute and we all work so well together because we have SAACURH as our common goal and we give 110% because we know all of you are working hard too and we want to make sure SAACURH keeps growing.

2. Newsletter – Creating the newsletter every month is probably my favorite task as RCC-A. It gives me a chance to brag on the region I love so much and display all of the great work that has been going on. I personally want to say thank you for all of those who have submitted articles, pictures, shout-outs, top 10 lists and anything else. This newsletter is for all of you and I want to make sure you get your voices heard and receive the recognition you deserve. As always, if you have ANYTHING you want to share with SAACURH, please let me know and I will make sure it has a space in the PRIDE!

1. SAACURH Family – WELLLLLL...OBVIOUSLY, I am so proud of this region. Mostly because we are more than a region, we are a family. I know I can count on you all to give everything you have to the development of SAACURH. We have an infectious spirit and I love being around all of you because I get so re-energized, pumped up and ready to keep working. I look forward to seeing us all in a few years down the road when we are all in our professions and working hard to serve others.
