## SEC Spotlight

*Stephen McCay*

*Associate Director of Business Administration*

Greetings members of SAACURH,

I hope everyone has gotten a great start off on the new school year and that your RHA & NRHH organizations are highly energized too for this academic year. The weather in south Mississippi is slowly beginning to change and the high temperatures are going away. With the change in weather and start of a new school year happening at the same time, conference season is about to begin. I personally have been getting back into the routine of classes too. Being in my Masters program for the second year has made the start of this year easier, as is the same for my hall director position.

A few of my goals when I bid for this position were to represent SAACURH's interest on the NBD, keep SAACURH fiscally stable, and be open to the members of SAACURH with the finances of the region.

*Continued on page 2.*

### Suggestion from Stephen!

We will be selling spirit pins with Louie and the NRHH diamond for \$5 at SAACURH, so be sure to get one. We will be selling pins from registration until the end of the conference, so don't forget! We want to sell as many as possible and we take cash and check, so no excuses!

I have been trying my best to keep to this, as this was my promise to SAACURH. SAACURH is capable of doing some more amazing things this year, but we need you to assist us.

From being sworn in as your Associate Director of Business Administration, I have been hard at work with the region's finances. NACURH has been transitioning banks since before the NACURH conference. Continuing this process has been a very consuming of my job's time to make sure our money transfers over correctly. Outside of this, I have been working with UGA for SAACURH 2010 and keeping costs down. Updating our governing documents has also been part of my time. And the Constitutional and Policy Book Review Committee has kicked off well for SAACURH with a few members who are actively trying to update these documents. With the National Board of Directors, I have been working with the CAACURH Director on gathering all regional resources to help create NACURH resources for member institutions. I have also been selected to be a co-chair of the Corporate Structure committee for NACURH and we are getting ready to select our committee members. Recently, I was selected to serve as the NACURH Parliamentarian as well.

After all of this, I am getting pumped for SAACURH 2010 at UGA. I know UGA has been doing a lot to get prepared for this conference and they are really excited. I can't wait to be at UGA at the end of the month. I hope everyone is getting registered so they don't have to pay a late fee and are affiliating with NACURH as well. I wish everyone well and I really look forward to seeing you at SAACURH 2010. I really look forward to meeting you and sharing SAACURH's finances with you.

Keepin' SAACURH's Money in the Black,

Stephen "Money Bags" McCay  
SAACURH ADDBA

## R.O.C.K. You Rock, You Rock!

**Congratulations to our SEC Spotlight, Stephen McCay, for being selected to serve as the NACURH Parliamentarian this year!**

**We are proud of you, said we are proud of you!**

We want to give a hearty shout-out to the Executive Board of Florida Atlantic University's Resident Student Association for being so accommodating and inviting us down to share in a great Leader-SHIP opportunity earlier in September. We all greatly appreciate all you have done. Thank you!

~FAU - Jupiter Executive Board
